Interface Presenters, adding to 134 previously trained ACE Interface Trainers and Presenters statewide. Concentrations of 5 or more certified Trainers and Presenters are located in Carlton, Crow Wing, Hennepin, Ramsey, and Stearns counties. Also in FY17, ACE Interface Trainers and Presenters provided more than 145 educational presentations to over 1,000 individuals in 30 counties.

A FY17 survey of 1,181 presentation attendees showed that 94% of respondents found the ACE Interface presentation informative and thought provoking. Of those surveyed, 88% of respondents reported that they will incorporate their new knowledge about Adverse Childhood Experiences and resilience into their actions at work and more than 83% said that they will incorporate this knowledge into their actions at home and in their families.

Prevention Education and Outreach: MCCC produces and distributes Minnesota's Child Abuse Prevention Month materials each April and distributes thousands of pieces of additional prevention education and outreach materials throughout the year. MCCC also raises awareness online. At the end of FY17 MCCC's Facebook page was liked by 2,819 people and an average of 114 people interacted with MCCC's Facebook page each week.

MCCC staff members are also present at community events statewide to share information about prevention and to facilitate dialogue about child maltreatment through Caf conversation events. In FY17 MCCC staff facilitated 6 Caf events for more than 66 community members. In a FY17 survey of Caf attendees, 88% of respondents said that they learned something that will help them as a parent/caregiver; more than 89% of respondents reported that the Caf was helpful; more than 90% of respondents stated that they would recommend a Caf to others.

Spring Webinar Series: Each year MCCC offers a spring webinar series. The FY17 webinar series consisted of four webinars on topics including trauma-informed schools, world view, emotional intelligence, and parent leadership. There was an average of 40 participants in each webinar. In a survey of webinar attendees, respondents tended to rate their prior level of understanding of the webinar topic as "fair" or "good," while after the training the majority of respondents reported their understanding as "very good." The recording of the "Trauma Informed Approaches in Minnesota Schools" presentation was viewed 148 times in FY17.

skills as a result of attending Circle of Parents sessions (98%). The vast majority of respondents also reported that they have gained additional supportive contacts, become more aware of local family resources, better understand childhood development, and interact more positively with their children (84%-93%) as a result of Circle of Parents.

In FY17, Circle of Parents served 1,261 parents in 43 parent groups and 758 children in 25 children's groups (offering a total of 2,680 individual meetings). More than 495 referrals to resources including community education, mental health, job training, health care, crisis nursery, social services, WIC, ECFE/Head Start, mentoring program and food shelves were made to parent participants.

Parent Mentorship Program: The Parent Mentor Program is designed to support parents with active child protection cases by helping them navigate court and social service systems. The program empowers parents to provide safety and stability for their children. The goals of the program are to reduce the amount of time to resolve each situation, reduce trauma for the child or children involved and decrease the number of parents that reenter the system once their case is closed.

Parent Mentors are individuals that have been personally impacted by the child protection system and are able to help parents understand the many organizations that are involved in child protection cases. They also provide parents with the tools they need to successfully advocate for themselves and their families.

period. Funding is also available for parents to attend other trainings or conferences to build knowledge and connections. The intent is to increase Parent Consultants' skills and influence so they can effectively articulate their experience, add value in their communities and on task forces within MN DHS, and ultimately contribute to a reduction in incidents of abuse, neglect and out-of-home placement (foster care). The program uses a shared leadership model, involving a partnership between parents and staff who share responsibility for team processes and outcomes.

In FY17, 42 Parent Consultants performed awareness activities in their communities. These Parent Consultants worked approximately 1,700 hours advising service providers, raising awareness statewide about family resilience and community needs and enhancing their own knowledge and skills. For Parent Recognition Month (February), MCCC celebrated 27 parents at an event which included families, legislators and community-based stakeholders.

Public Policy: MCCC provides leadership to shaping and advocating for policy and systems change that best serves the interests of children and families. Currently MCCC is collaborating with parents and community partners to develop a statewide prevention plan that will integrate child abuse prevention and trauma-informed care practices into systems that interact with children and families.

Tribal Community Wisdom Project: In partnership with The Blue Cross Blue Shield of MN Center for Prevention, the Tribal Community Wisdom

Project began in 2015 with the aim of building the capacity of tribal communities to address challenging health and social issues related to childhood trauma. This project has three stages: 1) raising awareness about trauma and resilience by providing ACE Interface presentations, 2) training up to 30 presenters in the ACE Interface curriculum to build capacity and broaden community awareness, and 3) facilitating community-driven action planning to identify key strategies that the community will leverage to support healing and building resilience.

In FY17, MCCC partnered with four tribes on this project - White Earth, Fond du Lac, Lower Sioux, and Leech Lake. More than 300 people across the four communities have been reached by ACE Interface presentations and 73 people from the first three communities have been trained as ACE Interface presenters. White Earth and Fond du Lac communities are now implementing their action plans with funding from The Blue Cross Blue Shield of MN Center for Prevention.
